

FOR PUPILS STARTING WITH CZECH

E-learning and applications for Czech as a second language

e-learning suitable for **beginners in Czech** as a second language. It is good for training **vocabulary, but also for speaking and listening** within the framework of eight basic topics such as, for example, *at school, the family, the city and so on*. It also contains a section for practising **basic grammar** (genders, prepositions, verbs). It is necessary to login under your own email.

- <https://www.cestina2.cz/>

an application suitable for **intermediate students of Czech** as a second language which is used to train **basic vocabulary** (in the form of combining a word with a picture, filling words into sentences)

- <https://www.click4czech.cz/app/>

suitable for **intermediate students and beginners**. **Situation videos from life** – thematically divided into **work** and **school**. The exercises focus on **vocabulary** and **practical phrases**.

- <https://www.kurzycestinyprocizince.cz/cs/e-learning.html>

suitable for **beginners and intermediate students, online courses at the level of A1 and A2, basic thematic units** such as **getting to know you, the family, food, basic information about the Czech Republic** – applicable from Year 3 of primary school.

- <https://www.mluvtecesky.net>

Czech in your mobile phone:

- Memrise
- Duolingo

Programs for school pupils, suitable for maintaining their contact with Czech, from 10 – 11 o'clock very day. School-like broadcasts from the room of Venda and Fráňa for junior school level at primary school

- <https://www.junior.rozhlas.cz>

FOR PUPILS WITH ADVANCED CZECH

Links to electronic sources (they have not been adapted for Czech as a second language)
